It's not quite "Who Shot J.R.?" but the Canadian series Blackstone did end its first season with a cliffhanger involving a gun.

Now that Blackstone is returning for its second season, beginning Wednesday, Jan. 11 on APTN, the ramifications of whatever Andy did will be revealed.

As season one concluded, Andy Fraser (played by Eric Schweig) walked into a room at the Roxy with a gun and closed the door. Then viewers heard two gun shots.

Do you think somehow Mary Crosby could be at fault? That's a pretty old reference, and you have to be a fan of Dallas to get it.

Anyway, Blackstone is set on the fictional Blackstone First Nation reserve.

The series got a substantial promotional boost last fall when Michelle Thrush, who plays Gail, won the Gemini Award for best performance by an actress in a continuing leading dramatic role.
